

MVAJ21 End-of-Manufacturing/Supply Notice

Excerpt from Publication Number: GER-4964

Issued: 20th June 2024

Revision Dates:

- 12th December 2024 (Excerpt from End-of-Manufacturing Notice GER-4978)

Copyright © 2024 GE Vernova

Background

GE Vernova Grid Solutions is committed to customer care and the support of our offerings. As part of this commitment, we strive to design high quality offerings, provide knowledge-based support, and to communicate the availability of new features or offerings as well as the pending discontinuation of manufacturing for older offerings or design variants.

On 20th June 2024, the **discontinuation** of the manufacture and sale of the **MVAJ21 Double Element Tripping Relay with self reset contacts** was **announced**. The **descriptions and alternatives** shown in the consolidated notice were **revised** as shown below.

On 12th December 2024, the **description** was **revised** from Double to Single Element and the **alternatives** were **revised** from 2x MVAJ051 or 2xMVAJ101 to MVAJ051 or MVAJ101 as shown below. The **last order date** was **revised** from 15th August 2025 to 30th September 2025. This notice was revised in accordance with GE Vernova rebranding guidelines.

Last-Time Buy Window

Please plan the purchase of any additional quantities or spares that you need. Orders should be placed prior to the last order date shown. **Orders will be fulfilled based upon availability** and shipments typically occur within three months of last order date. Requests for delayed shipments must be agreed with our factories prior to order acceptance.

OFFERING	LAST ORDER DATE	ALTERNATIVE
MVAJ21 Single Element Tripping Relay (Self reset contacts) High Burden	30 th September 2025	MVAJ051 Tripping Relay (5 Self reset contacts) or MVAJ101 Tripping Relay (10 Self reset contacts)

Support

GE Vernova's warranty provision is unaffected by this End-of-Manufacturing/Supply Notification. After the published last order date elapses, a repair service follows for items no longer under warranty subject to availability that includes repairing failed components or modules, but not to providing advanced replacements or a new product or module as a replacement or spare.

Customers should contact us if they need further information concerning the level of service that is provided on a per offering basis.

For Additional Information

If we can provide assistance with migration to new offerings, please contact us for help. Advice and assistance are also available via:
