Background

GE Vernova Grid Solutions is committed to customer care and the support of our offerings. As part of this commitment, we strive to design high quality offerings, provide knowledge-based support, and to communicate the availability of new features or offerings as well as the pending discontinuation of manufacturing for older offerings or design variants.

On 20th June 2024, the **discontinuation** of the manufacture and sale of the **MVAJ23 Double Element Tripping Relay with hand reset contacts** was **announced**. The **descriptions and alternatives** shown in the consolidated notice were **revised** as shown below.

On 12th December 2024, the **description** was **revised** from Double to Single Element and the **alternatives** were **revised** from 2x MVAJ053 or 2xMVAJ103 to MVAJ053 or MVAJ103 as shown below. This notice was revised in accordance with GE Vernova rebranding guidelines.

Last-Time Buy Window

Please plan the purchase of any additional quantities or spares that you need. Orders should be placed prior to the last order date shown. **Orders will be fulfilled based upon availability** and shipments typically occur within three months of last order date. Requests for delayed shipments must be agreed with our factories prior to order acceptance.

OFFERING	LAST ORDER DATE	ALTERNATIVE
MVAJ23 Single Element Tripping Relay (Hand reset contacts) High Burden	15 th August 2025	MVAJ053 Tripping Relay (5 Hand reset contacts) or MVAJ103 Tripping Relay (10 Hand reset contacts)

Support

GE Vernova's warranty provision is unaffected by this End-of-Manufacturing/Supply Notification. After the published last order date elapses, a repair service follows for items no longer under warranty subject to availability that includes repairing failed components or modules, but not to providing advanced replacements or a new product or module as a replacement or spare.

Customers should contact us if they need further information concerning the level of service that is provided on a per offering basis.
