Conformal Coated D.20 I/O Modules End-of-Manufacturing/Supply Notice

Background

GE Vernova Grid Solutions is committed to customer care and the support of our offerings. As part of this commitment, we strive to design high quality offerings, provide knowledge-based support, and to communicate the availability of new features or offerings as well as the pending discontinuation of manufacturing for older offerings or design variants.

On 20th June 2024, the discontinuation of the manufacturing and supply of Conformal Coated D.20 I/O Modules was announced.

On 21st March 2025, typos were corrected changing the order codes for D20A Input Module Spare Parts from D20A to D20AS and the order codes for D20K Spare Parts from D20K to D20KS. This notice was revised in accordance with GE Vernova rebranding guidelines.

On 3rd December 2025, this notice was revised in accordance with GE Vernova rebranding guidelines.

Support

GE Vernova's warranty provision is unaffected by this End-of-Manufacturing/Supply Notification. After order book closed, a repair service follows for items no longer under warranty subject to availability that includes repairing failed components or modules, but not to providing advanced replacements or a new product or module as a replacement or spare.

Customers should contact us if they need further information concerning the level of service that is provided on a per offering basis.
