## Background

GE Vernova Grid Solutions is committed to customer care and the support of our offerings. As part of this commitment, we strive to design high quality offerings, provide knowledge-based support, and to communicate the availability of new features or offerings as well as the pending discontinuation of supply for older offerings or design variants.

On 20<sup>th</sup> June 2024, the discontinuation of the supply of Terminal Type Option 2B for PRIMA Sockets was announced.

On 12<sup>th</sup> December 2024, the description for the offering and alternatives was revised to clarify that that the option was for PRIMA Sockets. This notice was revised in accordance with GE Vernova rebranding guidelines.

On 16<sup>th</sup> December 2025, the description for the offering and alternatives was revised to clarified that these were Terminal Type options instead of Connection options. This notice was revised in accordance with GE Vernova rebranding guidelines.

## Support

GE Vernova’s warranty provision is unaffected by this End-of-Supply Notification. After order book closed, a repair service follows for items no longer under warranty subject to availability that includes repairing failed components or modules, but not to providing advanced replacements or a new product or module as a replacement or spare.

Customers should contact us if they need further information concerning the level of service that is provided on a per offering basis.

## For Additional Information

If we can provide assistance with migration to new offerings, please contact us for help. Advice and assistance are also available via: <https://www.gevernova.com/grid-solutions/contact.htm?loc=3> or <https://www.gevernova.com/grid-solutions/automation/protection-control-metering>.
