Background

GE Vernova Grid Solutions is committed to customer care and the support of our offerings. As part of this commitment, we strive to design high quality offerings, provide knowledge-based support, and to communicate the availability of new features or offerings as well as the pending discontinuation of manufacturing for older offerings or design variants.

On 10th May 2021, the discontinuation of the manufacturing and supply of Software 35 for P342, P343, & P345 was announced.

On 12th December 2022, the alternatives for P342 and P343 Software 35 were expanded to include P345 Software 91.

On 13th November 2025, this notice was revised in accordance with GE Vernova rebranding guidelines.

On 26th January 2026, typos in the issue date and Background section were corrected to reflect 10th May 2021.

Support

GE Vernova's warranty provision is unaffected by this End-of-Manufacturing/Supply Notification. After the published last order date elapses, a repair service follows for items no longer under warranty subject to

availability that includes repairing failed components or modules, but not to providing advanced replacements or a new product or module as a replacement or spare.

Customers should contact us if they need further information concerning the level of service that is provided on a per offering basis.
