

Software 66 and 76 for P841 End-of-Manufacturing Notice

Excerpt from GE Publication Number: GER-4947

Issued: 28th June 2023

Copyright © 2023 General Electric

Background

GE Grid Solutions is committed to customer care and the support of our offerings. As part of this commitment, GE strives to design high quality offerings, provide knowledge-based support, and to communicate the availability of new features or offerings as well as the pending discontinuation of manufacturing for older offerings or design variants.

GE Grid Solutions is discontinuing the manufacture and sale of **Software 66 and 76 for P841**. * Please note that white livery is only available until 31st December 2023.

Last-Time Buy Window

Please plan the purchase of any additional quantities or spares that you feel you may need. Orders should be placed prior to the last order date shown. **Orders will be fulfilled based upon availability** and shipments typically occur within three months of the last order date. Requests for delayed shipments must be agreed with our factories prior to order acceptance.

OFFERING	LAST ORDER DATE	ALTERNATIVE
Software 66 and 76 for P841	17 th July 2024	P84 Software AA

Support

GE's warranty provision is unaffected by this End-of-Manufacturing Notification. After the published last order date elapses, a repair service follows for offerings no longer under warranty subject to material availability that includes repairing failed components or modules, but not to providing advanced replacements or a new offering or module as a replacement or spare.

Customers should contact GE if they need further information concerning the level of service that is provided on a per offering basis.

For Additional Information

If we can provide assistance with migration to new offerings, please contact us for help. Advice and assistance are also available via: <http://www.gegridsolutions.com/contact.htm?loc=3> or <http://www.gegridsolutions.com/multilin>
