

GE Digital Energy

Multilin DBF, DFF, DMS, DRS, DTP, DTR, and SMOR End-of-manufacturing Notice

GE Publication Number: GER-4657A
Issued July 2014
Revised July 2018 (title changed)

Background

After 20 years in the market, GE Digital Energy is announcing the discontinuation of some products of the DDS Family, specifically DBF, DFF, DMS, DRS, DTP, DTR, and SMOR.

Customers can continue to place orders for these products until December 31, 2013. Customers who place orders on or after January 1st, 2014 will be contacted by the GE Digital Energy Commercial team and advised of available alternative products for their particular applications.

Continuation of Support

GE will continue to provide repair and support for the next three years based on the availability of components and parts.

Recommended Alternative Products

DBF Breaker Failure

Depending on the application and customer specific requirements, GE Digital Energy offers the following solutions:

- Line Protection:
 - L90 <http://www.gedigitalenergy.com/products/brochures/L90.pdf>
 - L60 <http://www.gedigitalenergy.com/products/brochures/L60.pdf>
 - L30 <http://www.gedigitalenergy.com/products/brochures/L30.pdf>
 - D90^{Plus} <http://www.gedigitalenergy.com/products/brochures/D90plus.pdf>
 - D60 <http://www.gedigitalenergy.com/products/brochures/D60.pdf>

- Feeder Protection:
 - F60 <http://www.gedigitalenergy.com/products/brochures/F60.pdf>
 - F35 <http://www.gedigitalenergy.com/products/brochures/F35.pdf>
 - SR 750/760 <http://www.gedigitalenergy.com/products/brochures/750760.pdf>
 - F650 <http://www.gedigitalenergy.com/products/brochures/F650.pdf>
 - SR350 <http://www.gedigitalenergy.com/products/brochures/350.pdf>

- Transformer Protection:
 - T60 <http://www.gedigitalenergy.com/products/brochures/T60.pdf>
 - T35 <http://www.gedigitalenergy.com/products/brochures/T35.pdf>
 - SR745 <http://www.gedigitalenergy.com/products/brochures/745.pdf>

- Bus Protection:
 - B90 <http://www.gedigitalenergy.com/products/brochures/B90.pdf>
 - B30 <http://www.gedigitalenergy.com/products/brochures/B30.pdf>

- Generator Protection:
 - SR489 <http://www.gedigitalenergy.com/products/brochures/489.pdf>
 - G650 <http://www.gedigitalenergy.com/products/brochures/G650.pdf>
 - W650 <http://www.gedigitalenergy.com/products/brochures/W650.pdf>

DFE

Depending on the application and customer specific requirements, GE Digital Energy offers the following solutions:

- Generator protection:
 - G60 <http://www.gedigitalenergy.com/products/brochures/G60.pdf>
 - G650 <http://www.gedigitalenergy.com/products/brochures/G650.pdf>
- Feeder Protection:
 - F60 <http://www.gedigitalenergy.com/products/brochures/F60.pdf>
 - F650 <http://www.gedigitalenergy.com/products/brochures/F650.pdf>

DMS

Depending on the application and customer specific requirements, GE Digital Energy offers the following solutions:

- Feeder Protection:
 - F60 <http://www.gedigitalenergy.com/products/brochures/F60.pdf>
 - SR 750/760 <http://www.gedigitalenergy.com/products/brochures/750760.pdf>
 - F650 <http://www.gedigitalenergy.com/products/brochures/F650.pdf>
 - SR350 <http://www.gedigitalenergy.com/products/brochures/350.pdf>

DRS

Depending on the application and customer specific requirements, GE Digital Energy offers offers the following solutions:

- Feeder Protection:
 - F60 <http://www.gedigitalenergy.com/products/brochures/F60.pdf>
 - SR750/760 <http://www.gedigitalenergy.com/products/brochures/750760.pdf>
 - F650 <http://www.gedigitalenergy.com/products/brochures/F650.pdf>
 - SR350 <http://www.gedigitalenergy.com/products/brochures/350.pdf>

DTP

Depending on the application and customer specific requirements, GE Digital Energy offers the following solutions:

- Transformer Protection:
 - T60 <http://www.gedigitalenergy.com/products/brochures/T60.pdf>
 - T35 <http://www.gedigitalenergy.com/products/brochures/T35.pdf>
 - SR745 <http://www.gedigitalenergy.com/products/brochures/745.pdf>
 - SR345 <http://www.gedigitalenergy.com/products/brochures/345.pdf>

DTR

Depending on the application and customer specific requirements, GE Digital Energy offers the following solutions:

- Voltage Regulator Controller:
 - DGCV <http://www.gedigitalenergy.com/products/brochures/dgcv.pdf>

SMOR

Depending on the application and customer specific requirements, GE Digital Energy offers the following solutions:

- Transformer Protection:
 - F60 <http://www.gedigitalenergy.com/products/brochures/F60.pdf>
 - SR750/760 <http://www.gedigitalenergy.com/products/brochures/750760.pdf>
 - F650 <http://www.gedigitalenergy.com/products/brochures/F650.pdf>
 - SR350 <http://www.gedigitalenergy.com/products/brochures/350.pdf>
