Background

GE Grid Solutions is committed to customer care and the support of our products. As part of this commitment, GE strives to design high quality products, provide knowledge-based support, and to communicate the availability of new features or products as well as the pending discontinuation of manufacturing for older products or design variants.

On 15th December 2020, GE Grid Solutions announced the plans to discontinue the manufacture and sale of **DAP-416**.

On 10th May 2021, GE Grid Solutions **extended the last order date**.

On 20th September 2021, GE Grid Solutions **revised alternatives and the last order date** to Contact GE for availability.

On 27th May 2022, GE announced that the order book was closed for **DAP-416** and revised the product description.

This notice does not apply to any other model not explicitly listed.

Last-Time Buy Window

Please plan the purchase of any additional or spare devices. Orders should be routed to GE prior to the last order date shown. **Orders will be fulfilled based upon availability** and products typically ship within three months of the last order date. Requests for delayed shipments must be agreed with our factories prior to order acceptance.
