Background

GE Grid Solutions is committed to customer care and the support of our products. As part of this commitment, GE strives to design high quality products, provide knowledge-based support, and to communicate the availability of new features or products as well as the pending discontinuation of manufacturing for older products or design variants.

On May 27th, 2022, GE Grid Solutions announced the discontinuation of the manufacture and sale of **selected options for STD** as shown below.

On 28th June 2023, additional selected options were added to the notification as shown below.

GE Grid Solutions has discontinued the manufacture and sale of **selected options for STD as shown below**.

Support

GE's warranty provision is unaffected by this End-of-Manufacturing Notification. A repair service follows for products no longer under warranty subject to material availability that includes repairing failed components or modules, but not to providing advanced replacements or a new product or module as a replacement or spare.

Customers should contact GE if they need further information concerning the level of service that is provided on a per product basis.

For Additional Information

If we can provide assistance with migration to new products, please contact us for help. Advice and assistance are also available via: <http://www.gegridsolutions.com/contact.htm?loc=3> or <http://www.gegridsolutions.com/multilin>
