Background

GE Grid Solutions is committed to customer care and the support of our offerings. As part of this commitment, GE strives to design high quality offerings, provide knowledge-based support, and to communicate the availability of new features or offerings as well as the pending discontinuation of manufacturing for older offerings or design variants.

On June 28th 2023, GE Grid Solutions announced the discontinuation of the manufacture and sale of **Hardware Options C and E on 5th generation MiCOM models**.

Support

GE's warranty provision is unaffected by this End-of-Manufacturing Notification. After the published last order date elapses, a repair service follows for products no longer under warranty subject to material availability that includes

repairing failed components or modules, but not to providing advanced replacements or a new product or module as a replacement or spare.

Customers should contact GE if they need further information concerning the level of service that is provided on a per product basis.
