## Background

GE Grid Solutions is committed to customer care and the support of our products. As part of this commitment, GE strives to design high quality products, provide knowledge-based support, and to communicate the availability of new features or products as well as the pending discontinuation of manufacturing for older products or design variants.

On June 28<sup>th</sup>, 2023, GE Grid Solutions announced the discontinuation of the manufacture and sales of **selected Front Panel Options for C264**. Note: At the time of the consolidated notice publication **GP0114001M C264 Front Panel HMI GHU301** and **GP0116001M C264 Front Panel HMI GHU311** were included in the offering description but were retracted and remain available for ordering subject to availability.

On December 18<sup>th</sup>, 2023, GE announced the discontinuation of the manufacture and sales of **C264 Detachable Front Panel with Leds 40TE (GHU310) Black/Silver Livery** and revised the alternatives for **C264 Detachable Front Panel with Leds 40TE (GHU210) + 80TE (GHU211) White Livery** and **C264 Detachable Front Panel with Leds 80TE (GHU311) Black/Silver Livery**.

On February 9<sup>th</sup>, 2024, a typo in the date shown in paragraph 2 was correct to be consistent with the issue date shown at the top of the document.

## Last-Time Buy Window

Please plan the purchase of any additional or spare devices that you feel you may need. Orders should be placed prior to the last order date shown. **Orders will be fulfilled based upon availability** and products typically ship within three months of the last order date. Requests for delayed shipments must be agreed with our factories prior to order acceptance.

## Support

GE's warranty provision is unaffected by this End-of-Manufacturing Notification. After the published last order date elapses, a repair service follows for products no longer under warranty subject to material availability that includes repairing failed components or modules, but not to providing advanced replacements or a new product or module as a replacement or spare.

Customers should contact GE if they need further information concerning the level of service that is provided on a per product basis.

## For Additional Information

If we can provide assistance with migration to new products, please contact us for help. Advice and assistance are also available via: <http://www.gegridsolutions.com/contact.htm?loc=3> or <http://www.gegridsolutions.com/multilin>
