

Option 4B for UR I/O Module End-of-Manufacturing Notice

Excerpt from GE Publication Number: GER-4844

Issue Date: 22nd October 2018

Copyright © 2018 GE Multilin Inc.

Background

GE Grid Solutions is committed to customer care and the support of our products. As part of this commitment, GE strives to design high quality products, provide knowledge-based support, and to communicate the availability of new features or products as well as the pending discontinuation of manufacturing for older products or design variants.

GE Grid Solutions is discontinuing the manufacture and sale of **Option 4B for UR I/O Module**. This notice does not apply to any other model or option not explicitly listed.

Last-Time Buy Window

This document outlines the strategy for affected products - within your organization please plan the purchase of any additional or spare devices that you feel you may need. Orders should be routed to us prior to the last order date shown. Orders will be fulfilled based upon availability and products typically ship within three months of last order date. Requests for delayed shipments must be agreed with our factories prior to order acceptance.

PRODUCT	LAST ORDER DATE	ALTERNATIVE
UR I/O Module Option 4B: 4 Solid State (Voltage w/opt Current) MOSFET Outputs Order code: 4B for B30, B90, C30, C60, C70, D30, D60, F35, F60, G30, G60, L30, L60, L90, M60, N60, T35 and T60 relays	23 rd January 2019	UR I/O Module Option 4C: 4 Solid State (Current w/opt Voltage) MOSFET Outputs Order Code: 4C for B30, B90, C30, C60, C70, D30, D60, F35, F60, G30, G60, L30, L60, L90, M60, N60, T35 and T60 relays
